I AM RICHARD BEELER, AND I LIVE AT JAKES CORNER, AZ.

WEST mountain View Ln AT JAKES Corner, Az.

This is NOT my mailing address:

I've lived here a couple of years - I'm 83
and last June I've been diagnosed with
marker Cell carcinoma, a skin cancer that
has about taken over my life. I DO

not drink the water here. I do water
two roses and some honey-suckle. Apple
Pectin which I TAKE now I'm told cuts the
ARSENIC IN the water. The EPA I believe
was lax in their testing this water and it
IS known to be a cause of skin cancer.

The treatment for this cancer has wiped
me out. I AM NOT AGAINST THE water
Company getting \$37,000.00 But A higher
rate for me could cause a hardship.

Sincerely, Richard Beeler
